Examiner: J. Fredman

Filed: October 6, 2000

Docket No.: 028662.96

For: RNA AMPLIFICATION METHOD REQUIRING ONLY ONE MANIPULATION
STEP

TRANSFER OF SEQUENCE LISTING

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Claims 1-48 are pending in this application. Claims 1-48 are allowed. Claims 1, 4-7, 11-14, 18 and 21 are amended and claims 22-48 are added by this reissue application.

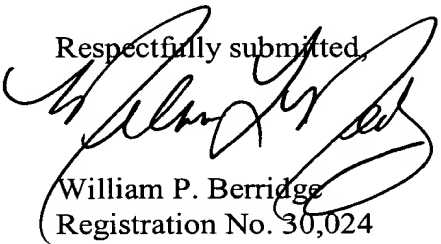

In the Amendment filed May 13, 2003, the specification was amended to replace the Sequence Listing. Please disregard this specification amendment.

The computer-readable form of the Sequence Listing to be used in the instant application is identical to the computer-readable form of the Sequence Listing filed September 12, 1997, in U.S. Application No. 08/825,617 filed March 31, 1997. In accordance with 37 C.F.R. §1.821(e), please use the computer-readable Sequence Listing filed September 12, 1997 in U.S. Application No. 08/825,617 for the instant application. It is understood that the U.S. Patent and Trademark Office will make the necessary changes in application number and filing date for the computer readable form that will be used for the instant application.

The above-mentioned computer-readable Sequence Listing is the only computer-readable Sequence Listing that was filed in U.S. Application No. 08/825,617, which issued as U.S. Patent No. 5,817,465, the patent being reissued herein. Thus, this computer-readable Sequence Listing is identical to the Sequence Listing in U.S. Patent No. 5,817,465. No new matter has been added.

In addition, in accordance with the request by the Patent Office, a paper copy of the Sequence Listing is attached hereto. This paper copy is identical to the computer-readable Sequence Listing filed in U.S. Application No. 08/825,617 on September 12, 1997, which has been transferred to the present application as discussed above.

Respectfully submitted,

William P. Berridge
(Registration No. 30,024)

Melanie L. Mealy
